Product Sheet

Human rhinovirus 64 (ATCC® VR-1174™)

Please read this FIRST

Storage Temp.
-70°C or colder

Biosafety Level
2

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Human rhinovirus 64 (ATCC® VR-1174™)

Description

Strain: 6258-CV44 [V-157-002-021]
Classification: Picornaviridae, Rhinovirus, Human rhinovirus A
Depositor: NIH/NIAID

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
H1-HeLa cells (ATCC CRL-1958)
Host of Choice: H1-HeLa
Host Range: WI-38, HeLa, and other human cells
WI-38 cells (ATCC CCL-75); HeLa cells (ATCC CCL-2); other human cells

Effect on Host:
Yes, in vitro effects: Cytopathic effects in tissue culture
CPE

Growth Conditions
Duration: 1-7 days

Comments

Optimal conditions for growth occur at pH 6.8-7.3 in roller or rocker cultures incubated at approximately 33°C.
All members of the rhinovirus group are ether resistant

References

References and other information relating to this product are available online at www.atcc.org.

Key Abbreviations

(define all abbreviations used on master product sheet and batch product sheet)
$TCID_{50}$, 50% infectious dose in tissue culture
H1-HeLa, human cervical carcinoma cell derivative
HeLa, human cervical carcinoma cells
WI-38, human embryonic lung (diploid) cells
CPE, cytopathic effect
TC, tissue culture
NIAID, National Institute of Allergy & Infectious Diseases

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org

Additional information on this culture is available on the ATCC web site at www.atcc.org.
