Product Sheet

Latino virus (ATCC® VR-674™)

Please read this FIRST

Storage Temp.
-60°C or colder

Biosafety Level
2

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Latino virus (ATCC® VR-674™)

Description

Strain: 10924
Classification: Arenavirus
Original Source:
Adult pregnant female Calomys callosus, Bolivia, 1965
Depositor: PA Webb

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
suckling hamster, i.c. inoculation
suckling hamster; Vero cells (ATCC CCL-81)

Effect on Host:
causes death in host animal

Growth Conditions
Incubation: less than 8 days

Comments

RNA virus 110 nm size (estimated by electron microscopy) with an envelope present, pleomorphic shape, intravirionic inclusions, no symmetry and not resistant to chloroform. Neutralization: plaque reduction in Vero cells. Serum SN antibody titer HO 1:32, Ht < 4. Direct Immunofluorescence: 2 plus fluorescence Latino antiserum against Pichinde viral antigen (Vero cells). No cross-reaction with other Tacaribe complex members. Indirect Immunofluorescence: 1 plus fluorescence Latino antiserum against LCM infected cells 3T3 (viral antigen). No cross-reaction with other Tacaribe complex members.

References

Key Abbreviations

3T3, contact inhibited mouse line
BPA, bovine plasma albumin
BSA, bovine serum albumin
i.c., intracerebral
LD[50], median lethal dose
PBS, phosphate buffered saline
PHS, Public Health Service
RNA, ribonucleic acid
sHa, suckling hamster
sHab, suckling hamster brain
SN, serum neutralization
TC, tissue culture
USDA, United States Department of Agriculture
Vero, African green monkey kidney cells

Biosafety Level: 2

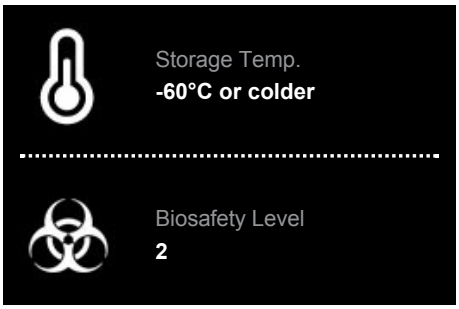
Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

Product Sheet

Latino virus (ATCC® VR-674™)

Please read this FIRST



Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Latino virus (ATCC® VR-674™)

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org

Additional information on this culture is available on the ATCC web site at www.atcc.org.
