Description

One of 9 shuttle vectors (ATCC 87585 87593) allowing lacZ detection of cloned inserts and containing the pUC19 MCS with all 10 cloning sites unique. Vectors differ in mode of replication (YE, YC or YI-type) and yeast marker (LEU2, URA3 or TRP1). This is a YE-type (yeast episomal) vector with the TRP1 marker. The HindIII, PstI and XbaI restriction sites from the TRP1 gene of *S. cerevisiae* were removed by using oligo-directed mutagenesis.

Designation: YEplac112

Media:

ATCC® Medium 1227: LB Medium (ATCC medium 1065) with 50 mcg/ml ampicillin

Conditions

Temperature: 37.0°C

Vector Information

Size (kb): 4.989

Vector: YEplac112 (plasmid)

Promoters: Promoter lac

Construction: pUC19

Marker(s): TRP1, ampR

Construct size (kb): 4.989

Features: insert detection: lacZ'

marker(s): TRP1

marker(s): ampR

promoter: lac

replicon: 2 micron ori

replicon: pMB1

MCS: HindIII...EcoRI

References

References and other information relating to this product are available online at www.atcc.org.

Notes

Restriction digests of the clone gave the following sizes (in kb): Aval 2.9, 1.3, 0.8 ; HindIII 4.9 ; PstI 4.9.
ATCC Staff

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not
