

Product Sheet

# pUCSVK661-1 (ATCC® 87722™)

Please read this **FIRST**

## Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

## Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: pUCSVK661-1 (ATCC® 87722™)

## Shipping Information

Distributed: freeze-dried

## Description

**Strain designation:** pUCSVK661-1

**Deposited name:** Cynomolgus monkey

### Medium

ATCC® Medium 1227: LB Medium (ATCC medium 1065) with 50 mcg/ml ampicillin

### Growth Conditions

**Temperature:** 37.0°C

## Propagation

**Temperature:** 37.0°C

## Notes

Restriction digests of the clone give the following sizes (kb): EcoRI--5.1, 2.7; BamHI--4.4, 3.4; Sall--7.8. Insert contains the following restriction sites (approximate kb from the 5' end): BamHI--2.44; BspHI--1.82, 2.68; EcoRI--1.69; HindIII--0.95, 1.4, 1.62, 3.38, 3.91, 5.08; NcoI--0.04, 0.24, 0.47; NdeI--3.71, 4.73; PstI--1.90, 3.11; PvuII--0.18, 1.62, 3.41.  
- ATCC staff

Full-length genome of SV40 strain K661-1 (SV40-K661-1) was cloned into pUC-19 at the EcoRI site. First protoarchetypal version of SV40 to be cloned and characterized. It has numerous nucleotide differences from SV40 reference strain 776.  
- personal communication

This is a viable clone (viral DNA, when excised from the plasmid using EcoRI, will form virus particles if the DNA is transfected into CV-1 cells or other permissive cells).  
- J. Virol. 72: 3980-3990, 1998

## References

References and other information relating to this product are available online at [www.atcc.org](http://www.atcc.org).

## Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

## ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

## Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While
