

Product Sheet

Tamiami virus (ATCC® VR-1273™)

Please read this **FIRST**

Storage Temp.
-70°C or colder

Biosafety Level
2

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Tamiami virus (ATCC® VR-1273™)

Description

Strain: W-10777 [V-550-001-522]
Classification: Arenaviridae, Arenavirus, New World Arenaviruses
Common Name: Tamiami virus
Original Source:
Presumed from adult male Sigmodon hispidus, Florida, 1965
Depositor: NIH/NIAID

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
suckling mouse
Recommended Host: sM (i.c.)
suckling mouse, i. c. inoculation; Vero cells (ATCC CCL-81); LLC-MK2 cells (ATCC CCL-7)

Effect on Host:
Yes, in vivo effects: causes death in host animal
death

Comments

Labile at 56°C for 30 minutes, sensitive to sodium deoxycholate. HA not produced in goose, human O, guinea pig, sheep, mouse, and green monkey RBC at pH 5.9 to 7.2 at 4 to 37°C.

Key Abbreviations

(define all abbreviations used on master product sheet and batch product sheet)
TCID₅₀(TCID[50]), The Tissue Culture Infectious Dose
50% endpoint is the 50% infectious endpoint in cell culture. The TCID₅₀ is the dilution of virus that under the conditions of the assay can be expected to infect 50% of the culture vessels inoculated, just as a Lethal Dose 50% (LD₅₀) is expected to kill half of the animals exposed. A reciprocal of the dilution required to yield the TCID₅₀ provides a measure of the titer (or infectivity) of a virus preparation.
sM, suckling mouse
i.c., intracerebral
LLC-MK₂, rhesus monkey kidney cells
Vero, African green monkey kidney cells
HA, hemagglutination
RBC, red blood cells

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Tamiami virus (ATCC® VR-1273™)

lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org

Additional information on this culture is available on the ATCC web site at www.atcc.org.
