## Description

**Strain:** FIPV-1146, P100

**Classification:** *Coronaviridae*, *Alphacoronavirus*, Alphacoronavirus 1

**Original Source:** FIPV-WSU-1146 isolated from necropsy of a feline neonate with pneumonia and pleuritis

**Depositor:** FW Scott

## Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

## Propagation

### Propagation Host:

A-72 (ATCC CRL-1542); CRFK cells (ATCC CCL-94)

### Effect on Host:

Cytopathic effects in tissue culture (cell rounding and detachment)

### Growth Conditions

**Incubation:** 1-3 days at 34°C to 37°C

## Comments

Live attenuated virus derived from serial passage of plaque-purified FIPV 79-1146, a strain isolated by J. Evermann, Washington State University. Intranasal administration of passage 100 protects adult cats from challenge with virulent virus.

## References

References and other information relating to this product are available online at [www.atcc.org](http://www.atcc.org).

## Key Abbreviations

CPE, cytopathic effect  
CRFK, Crandell feline kidney cells  
MEM, minimum essential medium (Eagle)  
TC, tissue culture  
TCID<sub>50</sub>, median tissue culture infective dose

## Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

## ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

## Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.
