

CERTIFICATE OF ORIGIN

ATCC® Number: 30-2214™
Name: L-Glutamine
200 mM Solution (29.23 mg/mL), 100X

The raw materials used to manufacture this product, ATCC 30-2214™, are not animal-derived and therefore pose a negligible risk of transmitting Bovine or otherwise Transmissible Spongiform Encephalopathy (BSE/TSE).

Manager of Material Release; Quality Assurance

ATCC hereby represents and warrants that the material provided under this certificate is pure and has been subjected to the tests and procedures specified and that the results described, along with any other data provided in this certificate, are true and correct to the best of the company's knowledge and belief. This certificate does not extend to the growth and/or passage of any living organism or cell line beyond what is supplied within the container received from ATCC.

This product is intended to be used for laboratory research use only. It is not intended for use in humans, animals, or for diagnostics. Appropriate Biosafety Level (BSL) practices should always be used with this material. Refer to the Product Information Sheet for instructions on the correct use of this product.

ATCC products may not be resold, modified for resale, used to provide commercial services, or to manufacture commercial products without prior written agreement from ATCC.
