

Sigma-Aldrich CRISPR Use License Agreement

This Product and its use are the subject of one or more of the following patents and applications controlled by Sigma-Aldrich Co. LLC (“SIGMA”): Patent applications and issued patents that entered their respective National Stage from PCT International Pub. No. WO 2014/089290, including, but not limited to, the following, and substitutions, divisions, continuations, continuations-in-part, reissues, re-examinations, and extensions thereof: Australia Patent Nos. 2013355214; 2017204031; 2018229489; 2019201344; 2020230246; 2020230243; 2020273316; and 2022200330; Canada Patent Nos. 2,891,347 and 2,977,152; China Patent Nos. CN105142669 and CN108913676; European Patent No. EP 3 363 902; Hong Kong Patent Nos. 1218389 and 40001091; Israel Patent Nos. IL238856; IL257178; IL267598; and IL291129; Japan Patent Nos. JP6620018 and JP7478772; Singapore Patent Nos. 11201503824S; 10201800585V; 10201910987S; and 10202107423U; South Korea Patent Nos. 10-1844123; 10-2006880; 10-2145760; 10-2243092; 10-2479178; 10-2531576; and 10-2676910; and U.S. Patent Nos. 10,731,181 and 10,745,716; and U.S. Application Serial Nos. 15/456,204; 16/943,767; and 17/398,648 (the “Patent Rights”).

BEFORE OPENING OR USING THIS PRODUCT, PLEASE READ THE TERMS AND CONDITIONS SET FORTH IN THIS LICENSE Agreement. YOUR USE OF THIS PRODUCT SHALL CONSTITUTE ACKNOWLEDGMENT AND ACCEPTANCE OF THESE TERMS AND CONDITIONS. If you do not agree to use this Product pursuant to the terms and conditions set out in this License Agreement, please contact American Type Culture Collection within ten (10) days of receipt to return the unused and unopened Product for a full refund; provided, however, that custom-made Products may not be returned for a refund.

The purchase of this Product conveys to you (the “Buyer”) the NON-TRANSFERABLE right to use the purchased Product for Licensed Research Use (see definition below) subject to the conditions set out in this License Agreement. If you wish to use this Product for any purpose other than Licensed Research Use, you must first obtain an appropriate license (see information set out below).

This Product may not be used for any purpose other than Licensed Research Use. Your right to use this Product for Licensed Research Use is subject to the following conditions and restrictions:

1. “Licensed Research Use” means any use for research purposes, with the following exceptions: (i) Buyer may not sell or otherwise transfer the Product (including without limitation any material that contains the Product in whole or part) or any Related Material to any other third Party (except that you may transfer the Product, including without limitation any material that contains the Product in whole or in part, or any Related Material to a bona fide collaborator or contract research person or entity), or use the Products or any Related Material to perform services for the benefit of any other person or entity; (ii) Buyer may use only the purchased amount of the Product and components of the Product, and shall use any Related Material, only for your internal research within the Field, and not for any Commercial Purposes; (iii) Buyer shall use the Product and any Related Material in compliance with all applicable laws and regulations, including without limitation applicable human health and animal welfare laws and regulations; (iv) SIGMA shall provide no warranties of any kind to the Buyer (statutory or implied) concerning the Patent Rights, the Product or any Related Materials, including without limitation, as to product quality, condition, description, merchantability, fitness for a particular purpose, noninfringement of intellectual property rights or the absence of latent or other defects, and all such warranties are hereby expressly disclaimed; (v) SIGMA shall expressly disclaim any warranty regarding results obtained through the use of the Product or Related Materials, including without limitation any

claim of inaccurate, invalid or incomplete results; (vi) SIGMA, and their directors, officers, employees and agents, shall have no liability to the Buyer, including, without limitation, for any loss of use or profits, business interruption or any consequential, incidental, special or other indirect damages of any kind, regardless of how caused and regardless of whether an action in contract, tort, strict product liability or otherwise; (vii) the Buyer shall indemnify, defend, and hold harmless SIGMA and their current and former directors, officers, employees and agents, and their respective successors, heirs and assigns (the "Indemnities") against any liability, damage, loss, or expense (including without limitation reasonable attorneys' fees and expenses) incurred by or imposed upon any of the Indemnitees in connection with any claims, suits, investigations, actions, demands or judgments arising out of or related to the exercise of any rights granted to the Buyer hereunder or any breach of this License Agreement by such Buyer; and (viii) the Product and its use may be the subject of one or more issued patents and/or pending patent applications owned by SIGMA and the purchase of the Product does not convey a license under any claims in the foregoing patents or patent applications directed to the Licensed Product or use, production or commercialization thereof.

2. For purposes of Section 1 above, the following definitions shall apply:

"Commercial Purposes" means (a) the practice, performance or provision of any method, process or service, or (b) the manufacture, sale, use, distribution, disposition or importing of any product, in each case (a) or (b) for consideration, e.g., a fee, or on any other commercial basis.

"Field" means use of the Product by (i) for-profit and non-profit buyers for research purposes and (ii) non-profit buyers for offering research services to third parties including but not limited to contract research and drug screening; provided, however, that notwithstanding the foregoing, the Field shall expressly exclude:

(a) the use of cell-based potency, safety, or efficacy assays for any clinical manufacturing activity;

(b) any bioproduction involving any form of clinical trials or production of cell-based or biologics-based therapeutic drugs or therapies including protein-based therapeutics;

(c) any in vivo and ex vivo human clinical use, including without limitation, any administration into humans or any diagnostic or prognostic use;

(d) any in vivo veterinary or livestock use, or non-research agricultural use;

(e) the manufacture, distribution, importation, exportation, transportation, sale, offer for sale, marketing, promotion or other exploitation or use of, or as, a testing service, batch/lot/product release assays for manufacturing therapeutics or therapeutic candidates, or therapeutic or diagnostic for humans or animals;

(f) the making (including use of rodent embryonic stem cells, rodent embryos or rodent zygotes as a precursor to make), having made, creation, breeding, amplification, having amplified, propagation, exporting, importing, use, possession, offer for sale or sale of genetically modified rodent animals (from the order *Rodentia*) and/or derivatives therefrom including but not limited to cells and organs harvested or derived from such genetically modified (using the Patent Rights) rodent animals;

(g) creation, use or sale of any animal models and/or derivatives therefrom; (h) use in human germ line editing;

(i) any use or application relating to the stimulation of biased inheritance of particular genes or traits in a population of plants or animals (e.g., gene drive);

(j) use in production of illicit drugs; or

(k) any modification of the tobacco plant (including any plant part, plant cell, plant tissue or plant seed), except for modifications that (I) are related to the use of the tobacco plant as a manufacturing

system or as a model system for research purposes but (II) are not related to any use or application in the cultivation, growth, manufacture, exportation or production of any tobacco product.

“Related Materials” means any progeny, modification or derivative of a Product.

3. Your right to use the Product will terminate immediately if you fail to comply with these terms and conditions. You shall, upon such termination of your rights, destroy all Product, Related Materials, and components thereof in your control, and notify SIGMA of such in writing.

For information on purchasing a license to the Patent Rights for purposes outside of the Field, contact the SIGMA Business Development team at geneeditingip@milliporesigma.com.
