**ICC827 Purified Genomic DNA, EGFR Amplification & Mutant, 3 µg**

**CRL-2868DQ™**

**Description**

High molecular weight genomic DNA isolated from the HCC2218 BL EBV-transformed lymphoblastoid cell line (ATCC CRL-2363).

- **Organism** Homo sapiens, human
- **Derived from** HCC827 (ATCC CRL-2868)
- **Concentration** 100 ng/µL
- **Mass** 3 µg
- **Shipping information** Stored in 1X TE buffer

**Storage Conditions**

- **Product format** Frozen
- **Storage conditions** -20°C or colder

**Intended Use**

This product is intended for laboratory research use only. It is not intended for any animal or human therapeutic use, any human or animal consumption, or any diagnostic use.

**BSL 1**

ATCC determines the biosafety level of a material based on our risk assessment as guided by the current edition of *Biosafety in Microbiological and Biomedical Laboratories (BMBL)*, U.S. Department of Health and Human Services. It is your responsibility to understand the hazards associated with the material per your organization’s policies and procedures as well as any other applicable regulations as enforced by your local or national agencies.

www.atcc.org
Certificate of Analysis

For batch-specific test results, refer to the applicable certificate of analysis that can be found at www.atcc.org.

Quality Control Specifications

- **Electrophoresis - molecular weight** \( \geq 48 \text{ kb} \) (or higher than uppermost band of the high MW DNA ladder)
- **Electrophoresis - RNA content** No visible RNA detected in the agarose gel
- **Total amount** Total DNA by PicoGreen® measurement was found to be \( \geq 3 \text{ µg} \)
- **STR profile** Identical STR profile to cell line source
- **Mutation allelic frequency** Report results: NGS (Coverage > 10,000X)*
- **Absolute/relative gene copies/ng DNA** Report results: ddPCR™ (Average of nine data points)*
- **Electrophoresis - digestion** Verified by restriction enzyme digestion.

Material Citation

If use of this material results in a scientific publication, please cite the material in the following manner: HCC827 Purified Genomic DNA, Quantitative (EGFR Amplification & Mutant), 3 µg (ATCC CRL-2868DQ)

Warranty

The product is provided 'AS IS' and the viability of ATCC® products is warranted for 30 days from the date of shipment, provided that the customer has stored and handled the product according to the information included on the product information sheet, website, and Certificate of Analysis. For living cultures, ATCC lists the media formulation and reagents that have been found to be effective for the product. While other unspecified media and reagents may also produce satisfactory results, a change in the ATCC and/or depositor-recommended protocols may affect the recovery, growth, and/or function of the product. If an alternative medium formulation or reagent is used, the ATCC warranty for viability is no longer valid. Except as expressly set forth herein, no other warranties of
any kind are provided, express or implied, including, but not limited to, any implied warranties of
merchantability, fitness for a particular purpose, manufacture according to cGMP standards,
typicality, safety, accuracy, and/or noninfringement.

Disclaimers

• This product is intended for laboratory research use only. It is not intended for any animal or human
therapeutic use, any human or animal consumption, or any diagnostic use. Any proposed
commercial use is prohibited without a license from ATCC.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product
sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific
literature and patents are provided for informational purposes only. ATCC does not warrant that
such information has been confirmed to be accurate or complete and the customer bears the sole
responsibility of confirming the accuracy and completeness of any such information.

This product is sent on the condition that the customer is responsible for and assumes all risk and
responsibility in connection with the receipt, handling, storage, disposal, and use of the ATCC
product including without limitation taking all appropriate safety and handling precautions to
minimize health or environmental risk. As a condition of receiving the material, the customer agrees
that any activity undertaken with the ATCC product and any progeny or modifications will be
conducted in compliance with all applicable laws, regulations, and guidelines. This product is
provided 'AS IS' with no representations or warranties whatsoever except as expressly set forth
herein and in no event shall ATCC, its parents, subsidiaries, directors, officers, agents, employees,
assigns, successors, and affiliates be liable for indirect, special, incidental, or consequential damages
of any kind in connection with or arising out of the customer's use of the product. While reasonable
effort is made to ensure authenticity and reliability of materials on deposit, ATCC is not liable for
damages arising from the misidentification or misrepresentation of such materials.

Please see the material transfer agreement (MTA) for further details regarding the use of this
product. The MTA is available at www.atcc.org.
