

ADDENDUM TO ATCC® MTA For Clinical Isolates Collection Products

This addendum to the ATCC MTA (“Addendum”) effective as of the date of the last signature to the Addendum (“Effective Date”) sets forth terms and conditions that are in addition to those set forth in the ATCC MTA and apply to the distribution and use of Biological Material (as defined by the ATCC MTA), and associated data, belonging to the Clinical Isolates Collection (“CIC”) (collectively, “CIC Biological Material”) to the organization receiving CIC Biological Material from ATCC (the “Recipient Organization”). By accepting the CIC Biological Material, Recipient specifically acknowledges and agrees to the following terms and conditions.

If the Recipient Organization has previously executed a blanket ATCC MTA, this Addendum is incorporated into and made a part of that ATCC MTA. For all others, this Addendum is incorporated into and made a part of the ATCC MTA posted on the ATCC website on the date of the last signature below. In the event of any conflict between the terms and conditions of the ATCC MTA and the terms and conditions of this Addendum, then the terms and conditions of this Addendum shall prevail.
