**Designation:** 3015 [N29, TMC 1226]  
**Deposited Name:** Mycobacterium simiae Karassova et al.  
**Product Description:** Type strain.

**Medium**  
- ATCC® Medium 173: Middlebrook 7H10 agar with Middlebrook OADC enrichment  
- ATCC® Medium 1395: Middlebrook 7H9 broth with ADC enrichment  
- ATCC® Medium 90: Lowenstein Jenson medium

**Growth Conditions**  
- **Temperature:** 37°C  
- **Atmosphere:** Aerobic

**Propagation Procedure**
1. Open vial according to enclosed instructions or visit www.atcc.org for instructions.  
2. Rehydrate the entire pellet using approximately 0.5 mL of #1395 broth. Aseptically transfer the entire contents to a 5-6 mL tube of #1395 broth. Additional test tubes can be inoculated by transferring 0.5 mL from the primary test tubes to these secondary test tubes.  
3. Use several drops from the primary test tube to inoculate a slant of #90 agar and/or a plate of #173 agar.  
4. Incubate at 37°C for 9-28 days.

**Notes**
Additional information on this culture is available on the ATCC® web site at www.atcc.org.

**References**
References and other information relating to this product are available online at www.atcc.org.

**Biosafety Level:** 2

**Intended Use**
This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

**Citation of Strain**
If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: *Mycobacterium simiae* (ATCC® 25275™)

**ATCC Warranty**
ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

**Disclaimers**
This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of materials on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of such materials.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this
Product Sheet
