Designation: 104-1A [CCRC 14685, CCUG 28521, CIP 106131, DSM 446, HAMBI 2071, HAMBI 2073, IFO 15652, JCM 5260, KCTC 1825, LMG 7119, NCCB 89167, NCIMB 11725, NRRL B-14509]

Deposited Name: Bacillus acidocaldarius

Darland and Brock

Medium
ATCC® Medium 573: Bacillus medium

Growth Conditions
Temperature: 55.0°C

Propagation Procedure
1. Open vial according to enclosed instructions.
2. Using a single tube of #573 broth (5 to 6 ml), withdraw approximately 0.5 to 1.0 ml with a Pasteur or 1.0 ml pipette. Rehydrate the entire pellet.
3. Aseptically transfer this aliquot back into the broth tube. Mix well.
4. Use several drops of the suspension to inoculate a second tube of broth, a slant, and/or plate.
5. Incubate all tubes and plate in a moist can or jar (to prevent dehydration) at 55°C for 48 hours.

On #573 plates, colonies predominantly appear circular, entire, glistening, slightly raised, translucent and white/yellow in color. Some colonies are larger and more opaque.

*The subspecies name Alicyclobacillus acidocaldarius subsp. acidocaldarius (Darland and Brock 1971) Wisotzkey et al. 1992 is automatically created by the valid publication of Alicyclobacillus acidocaldarius subsp. rittmanni Nicolaus et al. 2002 [Rule 40d].

Additional information on this culture is available on the ATCC web site at www.atcc.org.

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the Biosafety in Microbiological and Biomedical Laboratories from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of materials on deposit, ATCC is not liable for damages arising from...
