

Product Sheet

Bacillus thuringiensis (ATCC® 33679™)

Please read this **FIRST**

Storage Temp.
Frozen: -80°C or colder
Freeze-Dried: 2°C to 8°C
Live Culture: See Propagation Section

Biosafety Level
1

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: *Bacillus thuringiensis* (ATCC® 33679™)

Description

Designation: NRRL B-3792

Deposited Name: *Bacillus thuringiensis* subsp. *kurstaki* de Barjac and Lemille

Antigenic Properties: Serotype H3:3a,3b

Propagation

Medium

ATCC® Medium 1209: NSMP* Modified Medium

Growth Conditions

Temperature: 30°C

Atmosphere: Aerobic

Propagation Procedure

1. Open vial according to enclosed instructions.
2. Using a single tube of #1209 (5 to 6 mL), withdraw 0.5 to 1.0 mL with a Pasteur or 1.0 mL pipette. Rehydrate the entire pellet.
3. Aseptically transfer this aliquot back into the broth tube. Mix well.
4. Use several drops of the suspension to inoculate a #1209 agar slant and/or plate.
5. Incubate tubes and plates at 30°C for 24 hours.

Notes

Serotype H3:3a,3b (Barjec and Lemille, J. Invertebr. Pathol. 15: 139-140, 1970).

This strain produces spores and toxic parasporal crystals (Johnson *et al.*, Can. J. Microbiol. 26: 486-491, 1980).

This strain also has genes that code for entomocidal proteins (Yamamoto, Curr. Microbiol. 17: 5-12, 1988). Colonies on #1209 are erose, large, flat and rough.

Purified genomic DNA of this strain is available as ATCC® 33679D™.

Additional information on this culture is available on the ATCC® web site at www.atcc.org.

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort
