**Product Sheet**

**Haemophilus parainfluenzae (ATCC® 33966™)**

---

**Designation:** P110  
**Deposited Name:** Haemophilus parainfluenzae Rivers

---

**Medium**  
ATCC® Medium 1285: GC agar with 20 mcg/ml ampicillin

---

**Growth Conditions**  
**Temperature:** 35.0°C  
**Atmosphere:** 5% CO2

---

**Propagation Procedure**

1. Open vial according to enclosed instructions.
2. Using a single tube of #5129 plus ampicillin (5-6 ml), withdraw 0.5 to 1.0 ml with a Pasteur or 1.0 ml pipette. Rehydrate the entire pellet. Aseptically transfer this aliquot back into the broth tube. Mix well.
3. Aseptically transfer 0.2 ml of this suspension to additional broth tubes, #1285 slant(s) and/or 0.1 ml to plates.
4. Incubate tubes and plates at 35°C in an atmosphere of 5% CO2.
5. Within 24 to 48 hours, growth is evident by small colonies on the agar surfaces. Cells are Gram negative, coccoid to short rods. Colonies are circular with a convex elevation, an entire margin, and a smooth surface.

---

**Biosafety Level:** 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the **Biosafety in Microbiological and Biomedical Laboratories** from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

---

**ATCC Warranty**

ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

---

**Disclaimers**

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of materials on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of such materials.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at [www.atcc.org](http://www.atcc.org).
