

Product Sheet

# *Heliobacterium gestii* (ATCC® 43375™)

Please read this FIRST

## Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

## Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: *Heliobacterium gestii* (ATCC® 43375™)

## Description

**Designation:** T [Chainat]  
**Deposited Name:** *Heliobacterium gestii* Ormerod et al.

## Propagation

**Medium**  
ATCC® Medium 1552: Modified Van Niel's yeast medium with pyruvate

**Growth Conditions**  
**Temperature:** 37.0°C  
**Atmosphere:** Anaerobic under a tungsten lamp

**Propagation Procedure**

1. Open vial according to enclosed instructions.
2. Fill a sterile small screw cap test tube close to capacity with ATCC medium 1552. Pre reduce the medium by adding 0.2 ml of a sterile 3 % Cysteine solution. Finish filling the test tube to capacity with ATCC medium 1552 and seal the test tube with the screw cap. Let the tube sit at room temperature for a minimum of 30 minutes, the test tube can sit over night without any adverse effects.
3. Rehydrate the entire pellet using 0.5 ml of the pre reduced medium from the small test tube.
4. Aseptically transfer this aliquot back into the broth tube. Make sure the test tube is filled to capacity.
5. Use several drops of the suspension to inoculate a nutrient or trypticase soy plate and streak out.
6. Incubate the tubes under a tungsten lamp at 37 °C. Incubate the plate(s) at 37 °C in the dark.

## Notes

Growth in broth should be evident in 4 to 7 days.  
Additional information on this culture is available on the ATCC web site at [www.atcc.org](http://www.atcc.org).

## References

References and other information relating to this product are available online at [www.atcc.org](http://www.atcc.org).

## Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

## ATCC Warranty

ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

## Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.  
While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.
