Storage Temp.
**Store unopened
freeze dried vial
at 4° C.**

Biosafety Level
1

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: pJC20 plasmid in *E. coli* (ATCC® 87113™)

Shipping Information

Description

A T7-based high-copy-number expression vector that can be used for preparation of nested deletions. ---Protein Expr. Purif. 5:133-137, 1994.

Designation: pJC20 plasmid in *E. coli*

Propagation

1. Open vial according to instructions. 2. aseptically add 0.3 to 0.4 mL of liquid medium to the freeze-dried pellet and mix well. Transfer 100 uL to a test tube containing 5 mL LB+ ampicillin (50-100 ug/mL). A loopful of culture can also be streaked on an agar plate of the same. Incubate cultures at 37° C. 3. Isolate DNA using standard plasmid preparation procedures.

Growth Conditions

Temperature: 37.0°C

Medium

ATCC® Medium 1227: LB Medium (ATCC medium 1065) with 50 mcg/ml ampicillin

Vector Information

Size (kb): 2.3399999141693120

Vector: pJC20 plasmid in *E. coli* (plasmid)

Promoters: Promoter for expression T7 (phi10)

Construction: pJC10

Marker(s): ampR

Construct size (kb): 2.339999914169312

Features: marker(s): ampR

promoter for expression: T7 (phi10)

replicon: pMB1

MCS: NdeI...ApaI

ribosome-binding site: Shine-Dalgarno

terminator: T phi

References

References and other information relating to this product are available online at www.atcc.org.

Notes

Restriction digests of the clone gave the following sizes (in kb): EcoRI 2.3 ; HindIII 2.3; XbaI 2.3.
ATCC Staff

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the Biosafety in Microbiological and Biomedical Laboratories from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.
