

Product Sheet

human embryonic kidney, 64 day (ATCC® 87258™)

Homo sapiens

Please read this FIRST

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: *Homo sapiens* (ATCC® 87258™)

Shipping Information

Distributed: frozen bacteria-free lysate (volume: 0.4 mL)

Description

Designation: human embryonic kidney, 64 day

Notes

The host DA1061 (ATCC 47088) suppresses the formation of large non-lambda phage plaques. This host is strongly recommended for screening and amplification of the library.

- personal communication

Vector Information

DESCRIPTION OF VECTOR COMPONENT:

Name of vector: lambdaZAPII

Intact vector size: 40.820

Type of vector: phage

Vector end: EcoRI

Vector end: EcoRI

Cloning sites: SacI NotI XbaI SpeI EcoRI XhoI

Polylinker sites: SacI NotI XbaI SpeI EcoRI XhoI

Construction: pBluescript SK-

Host range: Escherichia coli

Features (with orientation and position when available):

insert detection: lacZ'

marker(s): ampR

promoter: lac, T3, T7

replicon: pMB1, f1, lambda

Cross references:

Propagation

Growth Conditions

Temperature: 37.0°C

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use.
