

Product Sheet

lambdaACT2 - human prostate cDNA (ATCC® 87296™)

Homo sapiens

Please read this **FIRST**

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: *Homo sapiens* (ATCC® 87296™)

Shipping Information

Distributed: frozen bacteria-free lysate (volume: 0.4 mL)

Description

Designation: lambdaACT2 - human prostate cDNA

Notes

In yeast, the ADH promoter drives expression of a fusion protein consisting of the GAL4 activation domain, a hemagglutinin tag, and the sequences directed by the insert.

- personal communication

Vector Information

DESCRIPTION OF VECTOR COMPONENT:

Name of vector: lambdaACTII

Intact vector size: 42.300

Type of vector: phage

Vector end: EcoRI

Vector end: XhoI

Cloning sites: NcoI SfiI SmaI BamHI EcoRI XhoI BglII

Polylinker sites: NdeI NcoI SfiI SmaI BamHI EcoRI XhoI BglII

Construction: lambdaYES, pACT2 (ATCC 87006)

Host range: Escherichia coli

Features (with orientation and position when available):

marker(s): ampR, LEU2

promoter: ADC1

replicon: pMB1, 2 micron, lambda

repressor gene: cl857

terminator: ADC1

Cross references:

Propagation

Growth Conditions

Temperature: 30.0°C

References

References and other information relating to this product are available online at www.atcc.org.

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.
