Biosafety Level
1

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: pTSEC (ATCC® 87792™)

Shipping Information

Frozen glycerol stock of *E. coli* containing the plasmid.

Description

This vector overproduces yeast truncated cystathionine beta-synthase (CBS). The truncated version was made by using PCR to insert two nonsense codons (TAA and TAG) after the site encoding the residue 353 amino acid of the full length CBS (F-CBS) gene on pF-SEC (ATCC# 87791). Biochemistry 39: 10548-10556, 2000

Designation: pTSEC

Propagation

Transfer a loopful to a test tube containing 5 mL LB+50mg/mL of ampicillin broth. A loopful of culture can also be streaked on an LB + amp agar plate. Incubate cultures at 37° C. Isolate DNA using standard plasmid preparation procedures.

Growth Conditions
Temperature: 37.0°C
Medium

ATCC® Medium 1227: LB Medium (ATCC medium 1065) with 50 mcg/ml ampicillin

Vector Information

Size (kb): 5.6799998283386230
Vector: pTSEC (plasmid)
Promoters: Promoter Ptrc
Construction: pSTR4-2
Marker(s): ampR
Construct size (kb): 5.679999828338623
Features: primer site: 5'-TTGACAATTAATCATCCGGC-3'
promoter: Ptrc
terminator: rrnBT1
terminator: rrnBT2

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use
