Designation: H-8  
Deposited Name: Rubritepida fociulans

Medium  
ATCC® Medium 2307: R3A medium

Growth Conditions  
Temperature: 50.0°C  
Atmosphere: Aerobic

Propagation Procedure  
1. Open the vial according to enclosed instructions.  
2. From a single tube of #2307 broth (5 to 6 ml), withdraw approximately 0.5 to 1 ml with a Pasteur or 1.0 ml pipette. Rehydrate the entire pellet.  
3. Aseptically transfer this aliquot back into the broth tube. Mix well.  
4. Use several drops of the suspension to inoculate a #2307 agar slant and/or plate.  
5. Incubate all tubes and plate at 50°C for 48 to 72 hours.

Robritepida fociulans is a Gram-negative motile short rod. To obtain the best growth in broth incubate the culture with shaking. Cells may come off in a sheet when taken from a slant or plate. The culture exhibits a pink to red pigmentation.

Additional information on this culture is available on the ATCC web site at www.atcc.org.

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Rubritepida flocculans (ATCC® BAA-385™)

ATCC Warranty

ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of materials on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of such materials.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org
