Designation: CB-226 [CCRC-17172]  
Deposited Name: Pseudoxanthomonas taiwanensis Chen et al.

Medium  
ATCC® Medium 2322: Modified Thermus medium

Growth Conditions  
Temperature: 50.0°C  
Atmosphere: Aerobic

Propagation Procedure  
1. Open vial according to enclosed instructions.  
2. Using a single tube of #2322 broth (5 to 6 ml), withdraw approximately 0.5 to 1.0 ml with a Pasteur or 1.0 ml pipette. Rehydrate the entire pellet.  
3. Aseptically transfer this aliquot back into the broth tube. Mix well.  
4. Use several drops of the suspension to inoculate a #2322 agar slant and/or plate.  
5. Incubate the tubes and plate at 50°C for 24-48 hours.

Notes  
Colonies on #2322 agar are entire, smooth, glistening, circular, yellow-pigmented. Cells in #2322 broth are non-motile rods. Additional information on this culture is available on the ATCC web site at www.atcc.org.

Biosafety Level: 1  
Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the Biosafety in Microbiological and Biomedical Laboratories from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty  
ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers  
This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.  
This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of materials on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of such materials.
