Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Baboon cytomegalovirus (ATCC® VR-1531™)

ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.
