

Product Sheet

Human adenovirus 16 (ATCC® VR-17™)

Please read this **FIRST**

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Human adenovirus 16 (ATCC® VR-17™)

Description

Strain: Ch. 79

Classification: Adenoviridae, Mastadenovirus, Human adenovirus B

Original Source:

Conjunctival scrapings from an 11-month-old female, Saudi Arabia, 1955

Depositor: RJ Huebner

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:

human embryonic kidney cells; HeLa cells (ATCC CCL-2); KB cells (ATCC CCL-17)

Host of Choice: A549 (ATCC CCL-185)

Host Range: A549, HEK, HeLa, KB, and other human cell lines.

human embryonic kidney cells; HeLa cells (ATCC CCL-2); KB cells (ATCC CCL-17)

Effect on Host:

Yes, in vitro effects: Cytopathic effects in tissue culture

CPE (cell fusing and sloughing)

Growth Conditions

Duration: 2-3 days

Comments

Agglutinates rhesus RBCs. This strain has been found to produce acute follicular conjunctivitis in human volunteers (Feng, M. et al., Am. J. Trop. Med. Hyg. 8: 501, 1959). Reference Strain: Pereira, H. G. et al., Virology 20: 613, 1963.

References

References and other information relating to this product are available online at www.atcc.org.

Key Abbreviations

A549, human lung carcinoma cells
Chang C, Chang conjunctiva cells
CPE, cytopathic effect
HEK, human embryonic kidney cells
HeLa, human cervical carcinoma cells
KB, human oral epidermoid carcinoma cells
RBC, red blood cells
TC, tissue culture
TCID₅₀, median tissue culture infective dose

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the Biosafety in Microbiological and Biomedical Laboratories from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet.

Product Sheet

Human adenovirus 16 (ATCC® VR-17™)

Please read this FIRST

	Storage Temp. -70°C or colder
.....	
	Biosafety Level 2

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Human adenovirus 16 (ATCC® VR-17™)

ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org

Additional information on this culture is available on the ATCC web site at www.atcc.org.
