

Product Sheet

MULTICAPSID NUCLEAR POLYHEDROSIS BACULOVIRUS, (VR-2396)

Please read this FIRST

Storage Temp.
-70°C or colder

Biosafety Level
2

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: MULTICAPSID NUCLEAR POLYHEDROSIS BACULOVIRUS, (VR-2396)

Description

Strain: A21-MPV
Classification: Baculovirus
Original Source:
Isolated from a mixed culture of LdMNPV
Depositor: USDA Forest Serv.

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
L. dispar 652Y cells
L. dispar cells
Effect on Host:
Presence of large amount of polyhedra, large inclusions visible at 200X

Growth Conditions
Temperature: 27°C
Incubation: 3-7 days

Comments

This isolate exhibits an enhanced stability of high polyhedra production during passage in cell culture. It does not mutate to an FP (few polyhedra) form during serial passages. It is used as an insecticide to control the gypsy moth pest.

Key Abbreviations

TCID₅₀, median tissue culture infective dose

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort
