**Description**

**Strain:** Original  
**Classification:** *Bunyaviridae, Orthobunyavirus*  
**Original Source:**  
Aedes spp. mosquitoes caught in Bunyamwera, an uninhabited area in Western Uganda, 1943  
**Depositor:** J Casals

**Batch-Specific Information**

Refer to the Certificate of Analysis for batch-specific test results.

**Propagation**

**Propagation Host:**  
suckling mouse, i.c. or i.p. inoculation; mouse, i.c. inoculation  
**Host of Choice:** sM  
**Host Range:** M (i.c., i.p.), Ha (i.c.), Man, RhMk  
**Effect on Host:**  
Yes, in vivo effects: death of mice inoculated i.c  
Death

**Growth Conditions**

Duration: 3-7 days

**Comments**

Agglutinates goose RBC

**Intended Use**

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

**Citation of Strain**

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Maguari virus (ATCC® VR-87™)

lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

**Disclaimers**

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at [www.atcc.org](http://www.atcc.org)

Additional information on this culture is available on the ATCC web site at [www.atcc.org](http://www.atcc.org).
