

Product Sheet

Avian reticuloendotheliosis virus (type C) (ATCC® VR-994™)

Please read this FIRST

Storage Temp.
-70°C or colder

Biosafety Level
2

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: Avian reticuloendotheliosis virus (type C) (ATCC® VR-994™)

Description

Strain: T, nondefective [strain T]
Original Source:
turkey
Depositor: RL Witter

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
chicken embryo fibroblasts
chicken embryo fibroblasts; turkey embryo fibroblasts; quail embryo fibroblasts; chicken
Effect on Host:
Mild cytopathic effect, antigens detected by FA on Elisa

Growth Conditions

Incubation: 4-7 days

Comments

Cell culture-propagated, nondefective, helper virus component of strain T; similar to REV-A. Seed stock cloned by endpoint dilution. Induces immunodepression and stunting in chickens; also induces chronic lymphomas (both B- and T-cell).

References

References and other information relating to this product are available online at www.atcc.org.

Key Abbreviations

C, chicken
CEF, chicken embryo fibroblasts
Pen, penicillin
QEF, quail embryo fibroblasts
Strep, streptomycin
TC, tissue culture
TEF, turkey embryo fibroblasts
USDA, United States Department of Agriculture

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet,
